Essentials Drug List

A listing of preferred drugs and their corresponding benefit levels is shown on the Health Net Essential Drug List (EDL). Log on as a Health Net member at www.healthnet.com > My Health Plan > Pharmacy Coverage > View My Drug List > 2016 Essential Health Benefit Drug Lists > OR Essential RX Drug List or Preventive Drug List.

Specialty Pharmacy

Certain drugs identified on the Essential Drug List are classified as Specialty Pharmacy drugs under your plan. Specialty Pharmacy drugs are high cost biologic, injectable and oral drugs typically dispensed through a limited network of pharmacies and having significantly higher cost than traditional pharmacy benefit drugs. Prior authorization is required for these medications.

Preventive Pharmacy

Preventive Pharmacy medications require a prescription and are limited to prescription drugs and over-the-counter medications that are determined to be preventive. No Deductible, Copayment and/or Coinsurance apply for each prescription or refill of a generic class drug or brand name drug with no generic class drug available. Deductible, Copayment and/or Coinsurance will apply to brand name drugs that have generic equivalents.

Women's Contraception

Generic class Food and Drug Administration (FDA) approved contraceptive methods, patient education and counseling for all women with reproductive capacity are covered. FDA approved, over-the-counter contraceptive methods for women require a prescription from your participating provider. No Deductible, Copayment and/or Coinsurance apply for each prescription or refill of a generic class drug or brand name drug when no generic class drug is available. Deductible, Copayment and/or Coinsurance will apply to brand name drugs that have generic equivalents.

Tobacco Cessation

Food and Drug Administration (FDA) approved prescription drugs classified as smoking cessation medications are covered when dispensed by a participating provider pharmacy. FDA approved, over-the-counter tobacco cessation medications require a prescription from your participating provider. No Deductible, Copayment and/or Coinsurance apply for each prescription or refill of a generic class drug or brand name drug when no generic class drug is available. Deductible, Copayment and/or Coinsurance will apply to brand name drugs that have generic equivalents.

Participating Pharmacies

Participating Provider pharmacy must be used when filling all prescriptions under your plan. The plan does not cover prescriptions filled at a Non-Participating pharmacy.

What if I am on a medication that was covered by my previous health insurance?

Under the Continuity of Care Policy, within the first 90 days of Health Net coverage, you will receive authorization for any existing medication requiring prior authorization that was covered under your previous health insurance company. The health plan will require verification that the medication was covered by the previous insurance company. This policy excludes the following: injectables, compounded medications, pharmacy benefit exclusions, and overrides on quantity or dosage limits.

This pharmacy plan provides Creditable Coverage for Medicare Part D
