The specified deductible must be met each calendar year (January 1 through December 31) before Health Net pays any claims

The annual out-of-pocket maximum includes your annual deductible, copays and coinsurance. After you reach the out-of-pocket maximum in a calendar year, we will pay your covered services during the rest of that calendar year at 100% of our contract rates for participating provider services and at 100% of maximum allowable amount (MAA) for out-of-network (OON) services. You are still responsible for OON billed charges that exceed MAA

If a newborn patient requires admission to an intermediate or intensive care nursery, the deductible and coinsurance for these services will accumulate under the newborn's coverage, not under the mother's coverage

The outpatient emergency room copay is waived if you are admitted
